

How are we doing?

Thank you for reading our circular. We hope you found it interesting and useful. However, we know that we can do better--with your help. If you would like to help us improve future circulars, we would appreciate the chance to hear from you either by filling out some or all of this form or by letter, fax or a call. The addresses and phone numbers are below.

Thank you for your time!

O How would you rate the usefulness of the current circular sections? Please respond in terms of very useful (VU), somewhat useful (SU), or of little use (LU). Also, how do you use this section (if you do), and would you like us to expand or delete it?

O We have eliminated the 2-4 page annual report reviews for countries such as in Europe and Asia (you can get the full forest product annual reports by mail or access them electronically). In the future we plan to feature special articles. What areas should we focus on that are helpful to you?

How well are we doing? (continued)

O Can we make the circular more useful to you by making the following changes?

i) Providing export data by species for some of the tables. If so, for what products? _____

ii) Providing agreed-to tariff data from the GATT Uruguay Round by major countries?

iii) Providing customs district data by commodity (but not market) If so, for what districts? _____

iv) Adding more explanation to the trade highlights? Yes ☐ No ☐

v) Adding more text on U.S. trade trends? Yes ☐ No ☐

vi) Changing the time periods of data (currently 5 years plus current period). If so, for what periods? _____

vii) Adding miscellaneous products to the tables (i.e. prefab housing)? If so, for what products? _____

viii) Adding more graphics? Yes ☐ No ☐

ix) Changing the number of circulars (currently 5 per year), and changing timeliness. What changes would you like, if any? _____

x) What other changes would make the circular more helpful? _____

O Could you do without the circular? If not, why?
